Brian Meredith : Escape on Skis (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised Escape on Skis (Classic Reprint):

Excerpt from Escape on Skis But for those who live in outer darkness and wish to know what ski-ing feels like, or to those children of light who know, but love to renew the old familiar thrills, this is just the book. The whole essence of

what the author sums up as the most exciting and satisfactory way of travelling is here distilled in a narrative which resembles a good day on skis for its delightfully inconsequent variety, its joyous incidents, and its absence of any set purpose outside the story itself. But for those, still able-bodied, who are determined never to ski, or never to ski again, and who think they have no need for escape, I would strongly deprecate the study of so infectiously enthusiastic a votary of the wing-footed sport. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
