(Japanese Phrasebook Dictionary) (Essential Phrase Bk):

3 of 3 people found the following review helpful. Romaji writingBy Cliente It is an excellent book as far as

vocabulary and word power is concerned. . The only problem is that the romaji writing is rather confusing and different from other books on the subject. Example: in the case of "kudasai" it shows "kuda-sigh" to make sure that the English speakers pronounce it correctly. "Sore de" is spelled "soray-day". I have to admit that you should try to memorize the words in Japanese writing (either in kanji, hiragana or katakana) but I think that most of the vocabulary is first stored in your memory in romaji.
