unknown : Essential World Atlas (DK essential) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Essential World Atlas (DK essential):

This atlas presents the world today through state-of-the-art computerized modelling. Detailed maps of all the world's countries and territories are accompanied with a wealth of demographic and statistical information. This atlas shows the political and state borders and administrative centres, communications and airports. World overview maps show the political world, the physical world, global economy, time zones, population, languages, climate, religions and

disputed territories. This atlas provides detailed mapping for 192 countries with country factfiles and 12 global maps.
