Hammond World Atlas Corporation : Essential World Atlas (Hammond) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Essential World Atlas (Hammond):

5 of 5 people found the following review helpful. Great world atlasBy Willi had a summer assignment for AP Human Geography so we had to label all of the countries of the world. This atlas has every map you would ever need and I had no problem finding a country with this atlas. In the very back of the atlas it has all of the time zones of the World. Like I said this atlas has everything. I would recommend this atlas to anyone who needed a World Atlas.0 of 0 people found the following review helpful. Basic Atlas with useful index and combination political and geographical mapsBy Karen SolheimThis is a great basic atlas and I got it for free with Prime! The index was easy to use.

Hammond's Essential World Atlas distills the best aspects from Hammond's flagship world atlas publication into an

affordable, handy paperback edition. Features: * Completely up-to-date map section. * Map section contains both physical and political maps. * State-of-the-art, large format digital mapping technique that uses relief shading in a fresh, vivid color palette for a spectacular three-dimensional effect. * World thematic section on current global issues most affecting the world today, illustrated with full-color photos and eye-catching graphics. * Full-color continent comparisons including four-color photos. * Satellite imaging section adds a compelling visual perspective of the world's geographic features. * The latest world information, including the new countries (Serbia and Montenegro), new European union members (Romania and Bulgaria), most recent population figures (the U.S. passed the 300 million mark) and new country flags (Venezuela and Democratic Republic of Congo). * Detailed 45,000-entry index.
