**Lonely Planet : Ethiopian Amharic (Lonely Planet Phrasebooks)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ethiopian Amharic (Lonely Planet Phrasebooks):

1 of 1 people found the following review helpful. useful By Lisa T When I travel I like to have some sort of book that can help me in a pinch. I've come to enjoy the Lonely Planet phrase books as they're small and packable, but gives a good overview of many things you may need. I have to admit I haven't used this one as much now that I'm living in the country, but it's nice to have something to reference when you first arrive and are trying to figure out the basics like

numbers and greetings.2 of 2 people found the following review helpful. Easy Quick ReferenceBy CarlyI used this as a supplement to my Amharic Language study books when I was a Peace Corps Volunteer in Ethiopia (and when I couldn't find my notes). While some of its pronunciations I would argue are a bit off depending on the regions you're visiting, it's useful if you're just visiting for a short time and want to learn a few phrases, or need to look up a word you forgot.3 of 3 people found the following review helpful. Very helpful, but not without errorBy PatrickThis little booklet is a great introduction to a very complex language. It can be most helpful in learning greetings and some basic words. Don't expect perfection or a comprehensive textbook, but as an introduction it is hard to beat. Most Ethiopians will be impressed that you even try.

Lonely Planet: The world's leading travel guide publisherHaggling at markets, deciphering street signs, chatting to kids, asking someone's hand in marriage...just some of the situations you might experience while travelling in Ethiopia. Lucky for you, they're all covered in our Ethiopian Amharic phrasebook. So get reading and start talking! Two-way dictionary Guide to pronunciation and grammar New sustainable travel vocab section Handy menu decoder Lonely Planet gets you to the heart of a place.
