In 1895, five Cleveland businessmen opened Euclid Beach Park. Located on the southern shore of Lake Erie, on the east side of Cleveland, this parcel of land would become a magical place that was more than just an amusement park it was an institution of the community. However, in 1900, the Beach faced financial collapse under the original owners. After being rescued by the Humphrey family, Euclid Beach began its ascendancy in the 1901 season. During its 74 years of operation, particularly the Humphrey years, Euclid Beach Park offered a vast array of major rides and attractions and also utilized industry innovations in ride design, construction, and park management. Few amusement parks have garnered the affection, memories, and respect that surround the wondrous spot called Euclid Beach Park.
