National Geographic Maps - Adventure : Everest Base Camp [Nepal] (National Geographic Adventure Map)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Everest Base Camp [Nepal] (National Geographic Adventure Map):

1 of 1 people found the following review helpful. Perfect gift for the hiking fan By R. Brown The number 1 item on my friend's bucket list is to climb to Mt. Everest base camp. When he told me his dream, I decided to help him out by getting him prepared for the exciting journey. I purchased the National Geographic adventure travel map along with the book *Trekking in the Everest Region* after reading the highly satisfied ratings both books were given. I am wrapping the set up and giving it to him for Christmas, I can't wait to see his face. 0 of 0 people found the following review helpful. A solid map for trekking to Everest Base Camp By Compendium You can definitely buy cheaper maps in the Khumbu, but they are printed on cheap, easily tearable paper. I used this map over and over. Outside of the actual Everest base camp location (there's a difference between the Trekker's Base camp and the Climber's Base camp) and the contours of the Khumbu glacier (I doubt anyone would have this) - I referred to this map every day of my trip. Buy a couple of cheaper maps for reference - but this is the map to use. 0 of 0 people found the following review helpful. Great details - plus includes map of Kathmandu By RSB Great details - plus includes map of Kathmandu. But, will be six months before I get a chance to compare the map with the territory.

National Geographic's Everest Base Camp Adventure Map is designed to meet the unique needs of adventure travelers, highlighting hundreds of points of interest and the diverse and unique destinations within the country. The map includes the locations of cities and towns with a user-friendly index, plus a clearly marked road network complete with distances and designations for major highways, main roads, and tracks and trails for those seeking to explore more remote regions. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of international travel. Each is two-sided and can be folded to a packable size of (4.25" x 9.25"); unfolded size is (26" x 38"). Key Features:- Waterproof and tear-resistant- Accurate topography/terrain with a clearly labeled road network- Hundreds of points of interest, including the locations parks and nature reserves, protected lands, historical and cultural attractions- Thousands of place names including towns and natural features; detailed place names index- Important travel networks including airports, lighthouses, ferry routes and rail lines- Updated regularly to ensure accuracy. Map Scale = 1:50,000 Sheet Size = 36" x 24" Folded Size = 4.25" x 9.25"

About the Author Founded in 1915 as the Cartographic Group, the first division of the National Geographic Society, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world. All proceeds from the sale of National Geographic maps go to support the Society's non-profit mission to increase global understanding and promote conservation of our planet through exploration, research, and education.
