Chris Bonington : EVEREST,THE HARD WAY before purchasing it in order to gage whether or not it would be worth my time, and all praised EVEREST,THE HARD WAY:

1 of 1 people found the following review helpful. Great adventure storyBy Lois G. SnyderI recently had the opportunity to meet Adrian Gordon who was a member of the climbing party and after a brief discussion with him decided to purchase this book and read the entire adventure this group of climbers experienced. The book gives a great description of the adventure although occurred many years ago its still a very enjoyable book to read. Highly recommend it.0 of 0 people found the following review helpful. This is a mountaineering classic only understood by people who ...By Shuab OmerThis is a mountaineering classic only understood by people who have climbed big. A must read for anybody who wants to do major climb in himalayas0 of 0 people found the following review helpful. One of the best adventure stories ever.By Jim MIf you are a mountaineer, or even if you just appreciate the complexity of such a grand adventure you will like this book. Chris writes well and he certainly is one of the most accomplished climbers ever. The first few chapters on the organization and the approach to the base of the mountain were a bit slow but necessary to appreciate the enormous complexity and dynamics of such an event. The action that follows is some of the greatest stories in the sport. Life itself hangs in the balance.

Everest - the highest peak in the world, the ultimate challenge to a mountaineer's skill and endurance. It had been climbed before, but never like this. Chris Bonington and his team would climb it - the hard way. Everest the Hard Way

is the thrilling account of a classic battle of man against nature, an exhilarating story of courage, endurance and teamwork, illustrated by sixty-four pages of breath-taking color photographs. As told by Chris Bonington, it is a story full of drama and the gritty details of the mountaineer's craft - a real-life account, with few parallels for adventure and beauty
