New Names in the WorldBy Gene Ann KingThis comprehensive Map has been so helpful with the spelling and locations of all the many new names of the various countries in our world today. Answering Grandchildren's questions are much easier now and my own knowledge of the locations of various places I have heard of but never knew where they were has greatly improved. The Map is colorful, very readable a great size. We all love it.

Staying up to date with world events and constantly changing political boundaries is easy with Rand McNally's World Wall Map (Measures: 50" x 32"). This folded wall map changes as the world does, and constant updates and reprints assure you the most accurate information available. Features include: Gall Stereographic projection, which shows countries and continents truer to their relative size Map centered on Africa allowing viewers to see continents complete and intact Color-matching relief to show mountain ranges and other elevation changes Clearly labeled country and city names for easy location Latitude and longitude indications Compact folded size for easy storage when not on the wall This eye-catching wall map's combination of bold colors and detailed cartography make it a handy reference piece that's sure to stand out in any home, classroom, or office. This map looks great framed, too!
