Lonely Planet : Mandarin Phrasebook before purchasing it in order to gage whether or not it would be worth my time, and all praised Mandarin Phrasebook:

11 of 11 people found the following review helpful. May cause you to get staresBy helpfulmouseThe book works. However, the style is Beijing, which may cause you to receive some funny looks when you try to use it elsewhere. Some of the words are actually uncommon in some parts, and I was corrected a few times. Also, be aware that learning this way makes it difficult to understand those speaking to you outside of Beijing because it can sound quite different. Otherwise, I found it extremely helpful. I have traveled the world with these series of books in my back pocket and

have always been impressed. 1 of 1 people found the following review helpful. Great phrasebook. Easy to use and up to date. By Vega This is a great little phrasebook. It's partitioned logically into subjects and has a nice quick-reference dictionary. As another reviewer mentioned, I really liked the organization with a sentence root and several possible completions. It even had a section on how to buy a SIM card for my cell phone! 0 of 0 people found the following review helpful. Always Happy with this By Jackson Like like and still like. I have never found a reason or why that I would like to improve the way this publisher puts these books together. I always feel like I can say the word properly after using these.

There's no need to lose face, forgo the Peking duck or miss the slow boat down the Yangtze. This phrasebook will prove more valuable on the road than a bicycle in Beijing.
