**Luc Changlei Guo : Map of China (Pocket edition): All Provinces** before purchasing it in order to gage whether or not it would be worth my time, and all praised Map of China (Pocket edition): All Provinces:

2 of 2 people found the following review helpful. ProblemBy Great PyrThis book has limited value in that it's just a list of Provinces the Local Districts in them. The most useful part is it contains the population of those districts. No other information other then the population location is available to add to the problem on page 54 the information

jumps from Tianjin to Tibet the remainder of the book the information never matches the map's again. 2 of 2 people found the following review helpful. Not Designed for Travelers to China By Virginia Reviewer I don't understand the purpose of these maps of China's provinces. They show District and County borders and population counts, but no other details. This pocket-sized 64-page book of maps is not useful for traveling in China. 0 of 0 people found the following review helpful. Two Stars By Aaron I definitely do not recommend this book. All it shows is mostly populations of counties.

This book includes the maps of 31 provincial administrative divisions of People's Republic of China. They are: [North China] Beijing, Tianjin, Hebei, Shanxi, Inner Mongolia [Northeast China] Liaoning Province, Jilin, Heilongjiang [East China] Anhui, Zhejiang, Jiangsu, Jiangxi, Fujian, Shandong, Shanghai [Central South China] Henan, Hubei Province, Hunan Province, Guangdong Province, Guangxi Zhuang Autonomous Region, Hainan Province [Southwest China] Guizhou, Yunnan, Sichuan, Chongqing, Tibet [Northwest China] Shaanxi, Ningxia, Xinjiang, Qinghai, Gansu
