Carta Jerusalem : Map of Israel Nature Reserves (Carta Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Map of Israel Nature Reserves (Carta Map):

2 of 2 people found the following review helpful. Israel road map and park informationBy customer #4583242This is a 1:270,000 road map of Israel, printed on glossy paper on both sides, one for the north, one for the south. There are no inset maps for the cities. All the parks are shown on the map. There is a 35 page booklet listing the parks with a good summary of information about each park as well as a map index glued to the cover. I took off one star because they did a messy job glueing. Pages of the index were stuck together at the bottom and part of the map was a bit wrinkled because it wasn't glued in right. But its all perfectly usable.

All towns, villages and sites. More than 3,500 names. Includes 35 page booklet with color photos descriptions of Reserves Parks.,
