Mike Coltrin : Map to Sandia Mountain Hiking before purchasing it in order to gage whether or not it would be worth my time, and all praised Map to Sandia Mountain Hiking:

3 of 4 people found the following review helpful. what they saidBy loop da loopnow, just because we all know Mike doesn't mean these reviews are baised. This is an excellent book and it's easy to use. I would reccommend this book to anyone in Albuquerque that wants a beautiful hike, but doesn't know where to go. It is true that there are a lot more trails than just La Luz.

A full-color map of the Sandia mountain printed on water-resistant paper

"The most complete and up-to-date resource for Sandia Mountain hikers." "The "Hiking Guide" will take you places that you've never seen before." "For anyone hankering to spend serious time in this wilderness, these books are valuable resources." "The Sandia Mountain Hiking Guide" is the first updated hiking guide to the Sandias to come along in more than ten years. And it was worth the wait." From the Inside Flap A full-color map of the Sandia mountain printed on water-resistant paper About the Author Mike Coltrin is a physical chemist by training and a Distinguished Member of the Technical Staff at Sandia National Laboratories. He has enjoyed hiking in the Sandia Mountains for more than twenty years.
