MapEasy : MapEasy's Guidemap to Toronto before purchasing it in order to gage whether or not it would be worth my time, and all praised MapEasy's Guidemap to Toronto:

1 of 1 people found the following review helpful. There are better mapsBy RiverbookCovers scattered sections near downtown,with no key map to show where they are relative to each other.Primarily from Lake Ontario in S to Howard St in N, and from Spadina Ave in W to Sherbourne St in E, so it omits Toronto Islands and City Airport.Omits underground passages downtown. Shows Toronto Transit Commission lines, but not streetcars, GO commuter lines or VIA rail.It scatters a ton of shop and restaurant names on the map, usually without saying what the shop sells, and without food ratings. This would be really useful if it suggested walking tours of various lengths, for people with various interests.There are far more details and larger areas covered in Toronto Ontario South Travel Reference Map (International Travel Maps) or "CAA/AAA Toronto" maps, both of which cover items missing here (streetcars and GO are on ITMB, but not CAA/AAA).3 of 3 people found the following review helpful. some errorsBy Belle of the BallWe bought this before our trip to Canada. We found some errors on the map and wrote in to let the MapEasy people know. They were very kind about it.
