**MapQuest : MapQuest Road Atlas US/Canada/Mexico, 2004 Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised MapQuest Road Atlas US/Canada/Mexico, 2004 Edition:

0 of 2 people found the following review helpful. Shame on you By Kan YabumotoI was looking for a road atlas. Obviously, one of the criteria is the size of the book. I could not find the dimension of this book except it is a paperback. Do I know the size? No. Would I order this without knowing the dimension? No. Don't buy this book unless you don't care the size. It is not the publisher's fault. It is 's. It's unfortunate that forgot about this in this instance. All other maps that I took a look had the dimension. (I chose Michelin's version.) 0 of 0 people found the following review helpful. riley's gammy By riley's gammy this map is VERY Large and in paperback book form. large print...makes it easier to see, especially if you are driving and need a quick look. covers all states, canada as well as mexico. detail of streets from 2004 at time of print. Great for truckdrivers and those alike travelers! I love mine!!!!

144 page, saddle-stitch bound, fully updated for 2004, full color atlas of North America. Contains detailed and current road maps of all US states, all Canadian provinces territories, and Mexico. Contains over 290 individual city maps and a full index.

From the Publisher No one knows maps like MapQuest. The awesome power of MapQuest is unleashed in the new 2004 on-the-road travel companion, packed with hundreds of accurate new, digitized maps. Welcome to MAPQUEST UNPLUGGED, ready for your next road trip. As the world's leading mapping service, MapQuest puts out more maps in 36 hours than old fashioned road atlas companies print in an entire year. It's a big job. Our map research specialists continually canvass more than 8,000 municipalities to update the latest road changes for our massive geographic databases. MapQuest's map experts work 24/7 to map the roads of North America with amazing accuracy. Serving 26 million travelers every month....creating 10 million online maps and driving directions every day...keeping 1,500 partner Web sites equipped with the latest mapping technology.
