Well worth it. I just wish it was a little larger, coffee table size, maybe.3 of 4 people found the following review helpful. Great Book, Great DealBy Frenchie MomI saw this book at a Peter Lik gallery in Maui but it was the gallery's copy. I wanted to buy one but they told me that the book was sold out and I could buy one of the employee's personal copies which was used for \$150. So I was very happy when I found it on for such an amazing price. It came wrapped in plastic so I bought 2 copies; one to view and another to keep since it might be worth something later on since it won't be reprinted. At least that's what they told me at the gallery. The book is beautiful and captures Maui at its best. It makes a great gift for friends and family too.0 of 0 people found the following review helpful. Peter Lik returns to Maui after his 50 state tour of the US, drawn back by the beauty of the Hawaiian islands. He captures one of the most ecologically diverse locations on the planet with a fresh eye and stunning sense of perspective and color.
