Peter J. Ochs, Peter Ochs, Peter J., II Ochs : Maverick Guide to Oman (1st ed) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Maverick Guide to Oman (1st ed):

A must for any traveller to Oman By Adelheid Smitt Of all the guide books to Oman I've found, this is the only one that combines excellent background information with thorough sightseeing information. It will show you all the magnificent spots of the country and fortunately not only the ones ON the beaten track, as many other guide books tend to do. The author obviously knows this country like the back of his

hand.

The Sultanate of Oman has remained isolated from the rest of the Arabian peninsula for much of recorded history, yet modern Oman is one of the fastest-growing of emerging states. This holiday guide describes its varied attractions, such as rock formations, minerals, wildlife and archaeology. Also included is information on sightseeing, hotels, current prices, guided tours, shopping and dining, entertainment, recreation, transportation, sports, weather, and currency exchange.
