A. Al-Rawi : Media Practice in Iraq before purchasing it in order to gage whether or not it would be worth my time, and all praised Media Practice in Iraq:

A historical survey of the Iraqi media from its beginning up to the present day, focusing on the post-2003 media scene

and the political and societal divisions that occurred in Iraq after US-led occupation. Investigates the nature of the media outlets and offers an analysis of the way Iraqi satellite channels covered the 2010 general elections.
