ITM Canada : Mexico: Sonora Chihuahua 1:1,000,000 Travel Map (International Travel Maps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mexico: Sonora Chihuahua 1:1,000,000 Travel Map (International Travel Maps):

0 of 0 people found the following review helpful. A bit out of date. By P. Bartell Could be easier to read. Also, it's dated 2008 and is missing at least one major, new road. Between Puerto Peasco and Baha Kino. I don't know what else is missing. Hope they are able to update soon. 0 of 0 people found the following review helpful. Good map but doesn't really match on the ground info. By GN Weakness is the roads themselves are poorly marked. Also, the Hermosillo map is of almost no value at all as I couldn't find any streets that corresponded with the map. Part of that seems to be the penchant in Mexico to rename streets often so no fault to the map folks. 0 of 0 people found the following review helpful. Two Stars By Tom Twedt Quite outdated (2008) as far as roads, etc. Appears to cover most other aspects okay.

Double sided road and travel map, scale 1:1,000,000, covers the territory of the two states south of the US border, from Gulf of California to the eastern border of Chihuahua. Includes insets with street plans of central Hermosillo and central Chihuahua. Distinguishes roads ranging from expressways (free/toll) to rural roads. Legend includes tracks, trails, railways, international/domestic airports, airfields, border crossings, gas stations, points of interest, historic sites, museums, archaeological sites, caves, beaches, spas, hotels, camping sites, watersports areas, pottery sites, colonial architecture, golf courses, waterfalls, national parks. Extensive index.

About the Author ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, prepares detailed reference and travel maps of countries, regions and cities around the world. ITMB has an excellent coverage of Mexico, from Mexico Travel Atlas to Mexico folded travel map to regional maps and city plans.
