**Michelin : Michelin Green Guide Taiwan (Green Guide/Michelin)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michelin Green Guide Taiwan (Green Guide/Michelin):

8 of 8 people found the following review helpful. Good, Not Excellent  
By splander from Taipei, Taiwan  
This pocket travel guide to Taiwan is fairly good, but not excellent. Its information is pretty much accurate and updated. It's very informative in the aspects of etiquette, which is seldom seen in other travel guides to Taiwan. Taiwan is a very diversified island, and in this sense this pocket guide omits a lot of info. It's somewhat unenviable in all pocket or compact travel guide. The good thing is that the info left in it pretty much matches what local Taiwanese people feel about their island. It's still a good one. Especially for a traveler who only wants to stay in each of Taiwanese cities for just a few days, it could be useful because most key info is provided and not overwhelming to a traveler's mind. One important thing, it doesn't explain very clearly about how to take public and private transportation in Taiwanese cities in general or in each city or between cities. All who want to visit Taiwan may have the need for more clear and detailed sources somewhere else.

By Michael J Leibowitz  
Useful maps and detailed info., but it tells you the recommended places in each town, but not whether the whole town is worth visiting or not. Some reviews wrong or out of date. But it is a big help in getting around Taiwan.

By Customer  
Good easy to follow guide for our visit to Taipei. Can't say how it was for the rest of Taiwan.

Taiwan, new addition to the Green Guide series, is famous for hot springs, great hiking terrain and delicious snacks. Travelers to this Pacific island off mainland China will discover aboriginal villages, tea plantations, tropical flora and sandy beaches, and can explore the sights at Taroko Gorge, Tainan and Taipei. With driving and walking tours, maps, color photos and illustrations and wide-ranging content, Michelin makes sure you'll see the best Taiwan has to offer.
