By A2 Rocks I got this book for a friend w/ 3 children - her family has enjoyed looking it over together and picking out several new things they'd like to do. She said it's perfect, especially since this year they're having a "staycation."

Full of Gems!!!
By 5th-El Spotted this book at our favorite local toy store, I've been so pleased with the ideas, great resource! Not only are there several ideas throughout the state, but within each proposed adventure, they typically mention a few more interesting places for either eating or stopping before you leave the town, so it's chalked full of info. Last week we visited the Jiffy Factory in Chelsea, MI. Next week we are meeting friends in Grand Rapids who are visiting from out of state who have kids, I was efficiently able to share with the out-of-state family 10+ ideas in Grand Rapids, we have ideas for good weather or bad.... This summer we'll likely go up north, can't wait to strategize something different to do during that trip too.
