National Geographic Maps : Michigan Recreation Atlas (National Geographic Recreation Atlas) before purchasing it in order to gage whether or not it would be worth my time, and all praised Michigan Recreation Atlas (National Geographic Recreation Atlas):

This will also be great for our travels in our home state By Melissa Linkfield I make deliveries out in the sticks and needed a map as backup for when my GPS can't locate me. This is very detailed, there are some streets not labeled with a name (because they're so small) but they show them as being there. When I know I will be in a certain area I get on my computer at home and use a mapping program and pencil in the streets that are not named. It's no too many with no name, but I need to know them all for successful deliveries.

This will also be great for our travels in our home state! It's super.0 of 0 people found the following review helpful. Five StarsBy Kristopher Hawkinsperfect!2 of 4 people found the following review helpful. Excellent Atlas for the vehicleBy John's viewThis atlas has the correct balance between too much and too little detail. It is set up on geographic areas instead of counties which makes it handy for in vehicular use when traveling. Most new cars and trucks keep one belted so it is hard to reach an atlas from locations beyond a short distance. My copy fits vertically between the seat and center console as it is 10.5 X 15.5 inches.

National Geographic's Michigan Recreation Atlas is the ideal resource for any recreation activity from hunting and fishing to camping, golfing, hiking, and more. This durable, easy-to-use atlas includes up-to-date topographic maps, a comprehensive road network, informative recreation guides, and a detailed index. All road types are clearly identified, making each atlas a useful planning tool for motorcycle and off-road adventures. Maps include bold boundaries for parks and federal lands, and clearly labeled lakes, rivers, and streams. On each map page you will find a convenient map legend, easy-to-read page numbers, a latitude and longitude grid for use with GPS, and fact-checked points-of-interest. Also included are cross-referenced charts of fishing areas with species information, game management units, campgrounds and attractions charts, state park maps and facilities, hiking, golfing, skiing and paddling destinations, climate information, and more. Detailed topographic maps with shaded relief for the entire state. Map scale is 1:175,000 Each labeled feature is up-to-date and verified by satellite image Comprehensive, easy-to-read road network Boundaries for parks and federal lands Clearly-labeled lakes, rivers and streams Durable laminated cover Size 11"x15" Robust travel and recreation information- Cross-referenced chart of fishing areas with species information- Game management units- Campgrounds and attraction charts- State Parks maps and facilities- Hiking, golfing, skiing and paddling destinations- Climate informationMap Scale = 1:175,000Folded Size = 10.75" x 15.5"
