National Geographic Maps - Trails Illustrated : Moab [Map Pack Bundle] (National Geographic Trails Illustrated Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Moab [Map Pack Bundle] (National Geographic Trails Illustrated Map):

0 of 0 people found the following review helpful. Best Trail Maps I have used. By WABit The Nat Geo Trails maps are the most detailed available for driving back woods trails as well as hiking. A year or so ago they were available on line by subscription so custom maps could be prepared of each trip. This took care of the minor problem of the physical size of the map sheets. 0 of 0 people found the following review helpful. There are better choices for OHV enthusiasts... By Customer There are better map products out there if you are an off-highway vehicle enthusiast. I ride dual sport bikes and got better info online and at the Moab visitor center. Save your money! Probably OK for hiking... 0 of 0 people found the following review helpful. Three Stars By C Bowser Great maps but haven't been updated in about 3-4 years based on lack of newer MTB trails... Navajo rocks, etc.

Waterproof Tear-Resistant Travel Map Seeking the best combination of detailed maps and value for your Moab trip, then get our bundle pack. It includes both our Moab North and Moab South map, providing you coverage of the entire map region. Both maps include detailed trail charts describing the mountain biking and jeep trails that are the main draw of the Moab area. Inset maps are also included for the most heavily used areas to help when navigating these desert landscapes. Buy the Map Pack and save 15%! The Moab Map Pack includes: Map 500 :: Moab North Map 501 :: Moab South Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation. Map Scale = 1:70,000 1:35,000 Sheet Size = 37.75" x 25.5" Folded Size = 4.25" x 9.25"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
