Not Available : **Montana Atlas Gazetteer (Delorme Atlas Gazetteer)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Montana Atlas Gazetteer (Delorme Atlas Gazetteer):

0 of 0 people found the following review helpful. Excellent and accurate By Richard He Rides A handy reference volume to have on hand on those trips when you are following the course of historical or geographic events. Most historical episodes chronicled by Native Americans, pioneers, cavalry, or prospectors give geographical references as to where rivers were forded, what mountains were crossed which creek lead to the pass across the divide, etc. Read these stories, histories with the Gazetteer open on your lap. Enjoy! 8 of 23 people found the following review helpful.

Mediocre AtlasBy A CustomerOverall, this wasnt quite what I was hoping for. It was less than extremely informative, though some parts I found helpful. My advice: look somewhere else.

"Helpful for all your studies and research projects"
