Wayne Bernhardson : Moon Chile: Including Easter Island (Moon Handbooks) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Moon Chile: Including Easter Island (Moon Handbooks):

The author spends a lot of time, eg, describing in detail certain walks/hikes. Without a map at hand though, these descriptions are all but impossible to follow. They only make sense when you are in the field AND have a map in hand. We spent much time in the Lakes region near Pucon over X-mas 2013. The Villarica NP is awesome, but the travel guide did not give us much info on that. A short signalling of the Conaf office in Pucon, eg, would have been enough. There you get knowledgeable folks, who hand you a map of the park with suggested routes, too. It was just one of these moments when you thought the guide could

have been more carefully researched. Yes, you can't have it all, but there were many moments like that. Just a lil bit disappointing. Having said this, it is still much, much better than the Rough Guide, which I had a quick look at. 0 of 0 people found the following review helpful. Moon Handbooks are the best By Gocubsgirl Moon Handbooks have been my go to travel book since Maui. I've used them in Belize, Vietnam, Cambodia Thailand as well. They always have great suggestions for budget travelers and information about finding the diamonds in the rough - stuff only locals know about. 2 of 2 people found the following review helpful. Book is hardly pertinent to anyone interested in outdoor adventure, which was our primary objective.

Positioned between the Pacific and the Andes, Chile offers rich history in its Northern region, a blend of entertainment, culture, and skiing in the boroughs of Santiago, remote corners in the Atacama Desert, a glorious wine-country in its Heartland and the ultra-private Easter Island. Moon Chile provides you with all of the essential details needed to discover these can't-miss sites, the world's most isolated island, and more. South American resident and Chilean consummate, author Wayne Bernhardson gives you all of the appropriate information to help make your adventure in Chile truly unique. Wayne's insightful and fun travel suggestions include the Best of Chile, 10 Days Skiing in the Andes, Exploring Wine Country, and Exploring Chilean highlights. Whether you are eager to experience fly fishing at Sur Chico, partake of the Patagonian mystique or follow the paths of Chilean poet Pablo Neruda, Moon Chile is your resourceful guide. With expert writers, first-rate strategic advice, and an essential dose of humor, Moon ensures that travelers have an uncommon and entirely satisfying experience and a few new stories to tell.

"The latest in the batch of Moon Handbooks releases proves again that Moon is one of the finest travel series around. What sets Moon apart from most guidebooks is the attention to detail and, more importantly, a respect for the topic." About the Author Wayne Bernhardson first traveled to Chile in 1979 during the Pinochet dictatorship, wrote his master's thesis on llama and alpaca herding in the Norte Grande's Parque Nacional Lauca, and has returned repeatedly to broaden and deepen his knowledge and appreciation of the country. He has driven well over 100,000 kilometers through every Chilean region and Pacific island possession, and he has also visited Chile's Antarctic bases in the South Shetland Islands and the Antarctic Peninsula. Wayne earned his PhD in geography at the University of California, Berkeley, but abandoned academia for a perpetual Latin American road trip that many university faculty envy. He is also the author of Moon Handbooks to Argentina, Buenos Aires, and Patagonia. In addition, Wayne has written for magazines and newspapers including Trips, the San Francisco Chronicle, the American Geographical Society's Focus, Business Traveler, Dupont Registry Tampa Bay, Postcards, National Geographic Traveler, Latin Trade, and Travel Holiday. He often gives slide lectures on destinations he covers in his books. When not in South America (he owns an apartment in Buenos Aires), Wayne resides in Oakland, California, with his wife Mara Laura Massolo, their daughter Clio Bernhardson-Massolo, and their Alaskan malamute, Malbec (named for Argentina's signature red wine).
