Andrew Dier : Moon Colombia (Travel Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Moon Colombia (Travel Guide):

61 of 62 people found the following review helpful. Amazing book for an Amazing Country! By Simranjit Singh This book was amazing for Colombia! I usually use Lonely Planet for traveling but saw a lot of negative reviews, so I went with this. It turns out that back in 2010 (if I remember correctly), the Lonely Planet writer for Colombia never visited Colombia that year and just wrote the book based off of phone interviews he had with ppl, which resulted in poor recommendations and which is why a lot of ppl gave the book a low rating. This book, however, pretty much hit the nail on the head for every city I visited (Bogota, Cartagena, Santa Marta, and Medellin). The recommendations for the tours (especially the Real City walking tour for Medellin), sites, and restaurant were amazing. Although, I do wish the book put a little more emphasis on locations where you can go out and party with locals. The only additions I would

make to this book is that when you visit Bogota (like the book says) don't trust local taxis, but instead download Uber or Topsy (if i remember correctly) and always use those cabs no matter where u go in Colombia (maybe except for santa marta, which is really safe). Also, if you're in Cartagena CHECK OUT FRAGMA!!! It's a night club with two dance floors, one for sala and the other for mix music, and where a lot of locals go to party. Many locals recommended it to us, but for some reason the club's name never appeared on many of the top travel sites for Colombia. Take my word for it, ITS AMAZING! Also, Cafe del Mar in Cartagena is really worth all of the Hype!!!P.S. Colombia was a lot safer than I expected. As long as you don't present anyone with the opportunity to steal something from you (like wearing a flashy watch or leaving your backpack slightly open) no one will give you a problem. I walked through some of the supposedly most dangerous locations in Medellin and never had a problem.0 of 0 people found the following review helpful. Useful, but not my recommendationBy J. FitzGenerally okay, but I found myself struggling to find the information I wanted. Ended up using the lonely planet guide of my girlfriend. I'm more used to those and think they are the better choice for backpacking in colombia.0 of 0 people found the following review helpful. Great guide, on point, very accurateBy Andy VIt is, by far, the bedt guide about Colombia that you can find today. The only thing that was off, and because of currency exchange variations is understandable, was the prices provided. Some places have clearly increased their prices but, thanks to the rate exchange, I was not that impacted. This is a great time to go given the strong dollar.

Moon Travel Guides: Your World, Your WayIdyllic colonial towns and fast-paced cities, jaw-dropping mountains and stunning beaches: see it all with Moon Colombia.Strategic travel plans with adaptable itineraries for exploring the wild coasts, historic towns, and rural countryside, plus a multi-week trip covering the best of ColombiaCurated advice from local writer Andrew Dier, who provides his American-expat perspective on his adopted home Full-color maps and photos for exploring on your ownActivities for every traveler: Stroll along the bougainvillea-strewn cobblestone streets of Cartagena, or explore wildlife preserves, and hike diverse biomes from the Andes to the Amazon. Try Moon Bogot, Moon Medelln or Moon Cartegena Colombia's Caribbean Coast. Country-hopping in South America? Check out Moon Peru or Moon Ecuador the Galpagos Islands.

Moon Colombia, bronze winner Society of American Travel Writers Foundation Lowell Thomas Travel Journalism Competition 2015From the AuthorComing to Colombia? A good guidebook - or a couple - will truly help make your trip more pleasant. (And a guidebook, chock full of useful information, costs just about the same as that cappuccino and cookie you'll buy in the airport!) Compared to other countries in South America, Colombia is a relative newcomer when it comes to tourism. When I first arrived in 2002, much of the country was off-limits - or at the very least, had its security risks. It's astonishing to think about the fear that Colombians lived with back then. Today the country is in a much better place. While there are still isolated pockets in the country that are off-limits (they're not in my guidebook!), so much of Colombia has opened up, and is welcoming international visitors, with friendly smiles, today. But despite its steadily growing popularity, you will never feel part of the tourist hordes here: Colombia remains relatively undiscovered when compared to countries such as Mexico, Peru and Ecuador. You may even feel like a pioneer! And another thing, your choice of Colombia - it makes an impact! Tourism, responsible with communities and the environment, can bring about opportunity, prosperity, and can be a bridge between peoples. So thanks for considering my book, I hope that it will be useful to you, and most of all hope that you have a wonderful time in this beautiful country.Buen viaje! If you have any questions about your trip you can look for me on FB!About the AuthorAndrew Dier and his Colombian partner Vio arrived in Bogot from New York City in 2002. It was initially supposed to be a temporary move-a change of scenery for a while-but 10 years and a couple of adopted street dogs later, bustling Bogot has gradually become their home.Excited to share his newfound insider perspective on Colombia with others, Andrew traveled the country corner to corner to research Moon Colombia. Colombia has experienced great change during the past decade, transforming itself from a no-go to a must-see destination. Andrew is continuously astounded by the natural beauty of the country and touched by the genuine warmth of its people. Andrew is a regular contributor to The City Paper, an English-language newspaper in Bogot, and has written for a number of

publications in the United States. He's also become a deft translator, mostly for local nonprofit organizations.
