Moon Cusco Machu Piccu is an 85-page compact guide covering the Sacred Valley of the Incas, the city of Cusco, and Peru's most popular destination, Machu Piccu. Authors Renee Del Gaudio and Ross Wehner offer seasoned advice on what sight are must-sees, including maps with sightseeing highlights, so planning your time is easy. This lightweight guide is packed with recommendations on sights, entertainment, shopping, recreation, accommodations, food, and transportation. Helpful maps make navigating the legendary "Lost City of the Incas" and surrounding regions uncomplicated. Moon Spotlight guides are affordably-priced, lightweight guides covering a smaller geographic region than Moon Handbooks or Outdoors guidebook series. The travel content in a Spotlight guide is pulled directly from individual chapters of larger Handbooks or Outdoors titles, with no introductory information (such as When to Go or Planning Your Trip), and no indexes. The result is compact guides to popular destinations that provide travelers with what they need to explore a specific locale in depth with fewer pages of very focused information.
