Good condition other then incorrect details.By Kr0n1kK11l3rJust received this book, it was in good condition but I was hoping it was the year printed that was in the details for the history. Details stated Publisher: L.H. Jenkins Inc. (1906) but I received Publisher: L.H. Jenkins Inc. (1945):(If I would have known that, I could have purchased one for almost half price. I also have to get used to the smell since it seems as if someone spilled water on it and it smell like mothballs mixed with an old lady's house.1 of 1 people found the following review helpful. book of the grand high "poobah"By CustomerAlbert pike was a visionary for what seems to be taking place today.
