before purchasing it in order to gauge whether or not it would be worth my time, and all praised More Adventures With Kids in San Diego (Sunbelt Natural History Guides.):

5 of 5 people found the following review helpful. Disappointed
By Chris California
My reason for the disappointing review is that the book is old and travel books should really not be sold after a number of years have passed. There is just too much that changes too quickly.
8 of 9 people found the following review helpful. A great guide for moms or teachers!
By A Customer
I really enjoy using this book! I've had it for about a year, and I keep it handy for referring to whenever my kids suggest an outing. I know I can look any kid-friendly place up in one of the appendixes or the index and get directions, phone number, etc. Plus lots of info!
My sister-in-law is a teacher and I gave her a copy of the book-- she uses it a lot , too! She uses it for field trip ideas for her 4th graders, plus fun weekend ideas for her and her two teenagers. It's a great ideas for a rainy day book, too.

By hellokittyluver3565
This book is simply superb, helps me raise kids. I love kdis and I love reading, read this book! I recommend this book to any up and coming parent(s).

The most popular guide to activities and outings n San Diego County with special appeal for children, written by a pediatrician and mother of three. If you are a kid, have a kid, or know a kid, this book will entertain!
