BibyTME A of T, dare I say, is not mainly about sailing but rather Cindy's experience of wandering cobblestone streets, engaging local cafes/markets/people, trekking narrow paths (levadas), exploring, respecting/schmoozing bureaucrats, making friends everywhere, and chronicling Robert's fix-it-solutions.Cindy and Robert fulfill a dream by sailing Tenacity, a 47 foot ketch, from Annapolis to Portugal via Bermuda and the Azores, where they merge with the Portuguese locals. They explore Portugal, Spain, Gibraltar before hoisting anchor and completing the loop via the Canaries and Caribbean islands back to Annapolis.This is a tale of offshore sailing and experiencing "being there" in a new land!Dennis/v Ferrity

The fun packed story of Cindy and Robert Holden's adventures sailing their boat, Tenacity, across the Atlantic to Europe. Not only did they sail across the ocean, they lived as locals in small funky towns, big cities and off beat villages. Then they sailed home keeping with their plan of taking two years off work. This book talks a bit about Robert and Cindy's background, the discovery of the boat, the planning process, and then the adventure itself. Through tales of meeting interesting people, boatyard characters, fuzzy donkeys and bright eyed kids, you'll share some of the joys that made this the most epic two years imaginable. It's a perfect fun read for anyone who is dreaming of doing this kind of trip.
