Skye Kraft : Mountain Bike! San Francisco and the Bay Area: A Wide-Grin Ride Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mountain Bike! San Francisco and the Bay Area: A Wide-Grin Ride Guide:

0 of 0 people found the following review helpful. Not impressed for the trails I tried. By Customer I purchased this book based upon the other reviews of 5 stars. I brought this book with me to China Camp in Marin. It was woefully

inadequate as to the representation of the trails. There are a multitude of trails that are not shown nor mentioned in the book. Very disappointing and a waste of money for me. I ended up purchasing "China Camp State Park" map by 360MAPS at REI to get a better representation of that area. I would not recommend this book if you are interested in detail of the area of your interest. Get a good TOPO map instead. 0 of 0 people found the following review helpful. Good writer By Robin BoucSkye is definitely a local cat and I like his descriptions of all the different trails, though I've only tried about 3 of them at this point 0 of 0 people found the following review helpful. Awsome book By TrickyKid Great book if you are wanting to explore the bay area on a mtn bike. The info is well written, the maps are helpful and the detail regarding each ride is well researched. Would recommend. Five stars.

The San Francisco Bay Area is known for its natural diversity -- its forested areas, mountainous peaks, and coastal environments make for an array of outdoor experiences. Mountain bikers of all skill and intensity levels will find many exciting paths to take in this detailed and exhaustive guide.
