Will Harmon : Mountain Biking Bozeman (Regional Mountain Biking Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mountain Biking Bozeman (Regional Mountain Biking Series):

6 of 6 people found the following review helpful. Too expensive, no updatesBy P. TrustyThis book is the exact same as Fat/Trax Bozeman, which was written in 1996 by Will Harmon. Only the Title and cover have been changed. Also, both books lack many trails that have been built since 2000 including one of the best, Bangtail Divide Trail. Some trails have also been rerouted. All in all it is still a good book for someone new to Bozeman, just be aware that it will not have everything so ride with a local.
