**Amber Travsky : Mountain Biking Wyoming (State Mountain Biking Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mountain Biking Wyoming (State Mountain Biking Series):

2 of 2 people found the following review helpful. Bike Trail Book Covers TracksBy Samuel ClemensI purchased this used (out of print) book via an -linked dealer. Travsky wrote clearly, enthusiastically and with enough detail. The book correctly covers the few rides that I know. It is useful for planning mountain biking for riders who gasp the thin

gusting air of Wyoming. 0 of 2 people found the following review helpful. Good for starting a campfire  
By R. Scheuer  
Very old and out dated. Good for starting a campfire.

The 64 rides included in this book vary in length from recreational 3-milers to multi-day bikepacking treks.

From the Back Cover  
The 64 rides included in this book vary in length from recreational 3-milers to multi-day bikepacking treks through Wyoming's five National Forests, the Grand Teton National Park, and the Red Desert.
