Javier Martinez Garcia : Mountain Walks in Gran Canaria before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mountain Walks in Gran Canaria:

Mountains in the Canaries? Beaches, surely. Most visitors cling to the shoreline, unaware that Gran Canaria is a hill walker's paradise. This guide explores the island's hidden corners, its abandoned trails, its countless ravines and ridges. Twenty walks are described in this English translation of a very successful local guide. For each walk distances, starting and finishing points, gradients, and a full-colour map are provided. Information on bus routes, a glossary of special words used and some suggested further reading all contribute to make this book an ideal entry point to Gran Canaria's hidden interior.
