This easy to reference guidebook takes the guesswork out of planning our annual family vacations to NE by listing everything you could possibly want and need to know about all the scenic

summits in that area. We have found this book to be a money and time saver! We hope to see more of these guidebooks, from all areas of the country, in the future. Thank you!!0 of 0 people found the following review helpful. As good as a compassBy Robert A. SmithAs a former Registered Maine Guide I can only say that I wish this book had been available "back in the day".Great easy to read layout. Nothing but the facts. Trails clearly and continually defined by descriptive observation.You are here!This little book is as good as a compass.Don't leave home without it.2 of 2 people found the following review helpful. Great Hiking BookBy Edmund StrolloI live on the coast of Maine and did not realize what great hiking trails i had near by. The book is so detailed i am going to hike the two trails by Camden Maine Thanks for a great hiking book.

Although New England contains three of the four most densely populated states in the country, there are still numerous natural sites to be explored in this beautiful area, and this detailed guide catalogs the most unique and scenic mountains. From Mount Katahdin in Maine to the peaks above the coastline, the finest hikes are included here, along with beautiful photographs of the land and precise directions and descriptions.

...includes detailed directions, trail descriptions and maps, along with a variety of photos and exact orienteering data thanks to GPS information...there is also advice on weather and options for camping and lodging, as well as optimal hiking times and other information important to ensuring safe and exciting adventures...describes the easiest and most picturesque routes to reach a mountain summit, in the manner of a friend giving advice. -- Alex Lear, The Forecaster, July 10, 2008Each climbing description includes trail conditions, weather advice, lodging and camping options, ideal hiking times and other pertinent information. -- Lewiston Sun Journal, June 23, 2008
