A MUST for any Pin Collector!By LuckyLanenaI live in California and hold an Annual Pass, I just started getting in Pins after a recent trip with my family who have never been. I had always bought pins every trip and had a small collection of great memories. I wanted to take my collecting to a whole new level. This being said I knew nothing about pin trading and bought this "field guide" to help me. This was the best \$13 I ever spent. This book guides you not only through the History of Pin but many helpful tips. The best part is the book includes full lists of all the "Hidden Mickey" and if you register your book on the author's website you get print out copies of the pin list in FULL Color plus sign up for the informative newsletter. I now Trade with pride and knowledge. Thank you!0 of 0 people found the following review helpful. From the AuthorThis book is the culmination of over 10 years of Disney Pin Trading experience in Walt Disney World and Disneyland from 2 families that are slightly obsessed with Disney Pins. Each trip we took to a Disney park became more focussed around pin trading and we found ourselves having to hunt for information on Disney Pins. The more pins we traded, the more our astonishment grew that there was no single source guide for Disney Pin Trading, despite the fact that there are thousands of pin traders around the globe... so we wrote the book. As Pin Trading Families, we hope that this book serves a useful tool that helps our readers locate the information that we had to dig for. We've done our best to include every time and money saving tip we could think of as well as all the tiny bits and details that used to frustrate us when we were starting out on our Disney Pin Trading journey. Enjoy! About the AuthorThe Mouse Pin Trading team was formed from a mutual interest in Disney Pin Trading. The fact that 2 families can get to know each other through trading Disney Pins, reach the conclusion that there was not enough information available for the new (or seasoned) pin trader, and write a book to remedy the situation speaks volumes to the social power of Disney Pin Trading. The Edgar family has been trading Disney Pins in Walt Disney World and Disneyland for over 9 years, with multiple visits to Disney Parks in most of those. Pin trading has become the center point of our Disney vacations and each pin in our collection brings us back to who we met and where we were when we traded each pin. Not living close to the parks meant that we had to be better prepared and better informed than most pin traders to get the most of our time at Disney. We have met some amazing people through Disney Pin Trading and we thought it was time to share the experience with everyone. Together with the Shilensky family, we have put together every nuance, tip and trick we have learned about Disney Pin Trading and we hope that this amazing hobby becomes a touch point for your family memories like it has for ours.
