International Travel maps : Mumbai, India before purchasing it in order to gage whether or not it would be worth my time, and all praised Mumbai, India:

Good generalist mapBy Geo-political military history studentWith that the map provided more of a "metropolitan" or city-center plus suburbs and highway connections from downtown Mumbai on out to Highway 4...Additionally, might work better if the map sheet were subdivided into four large scale sections of the greater Mumbai area with the full metro map on the reverse...0 of 0 people found the following review helpful. OK map for the price,good detail.By ernest cantrelldecent map,i traveled to mumbai last year,spent a couple weeks there,and i used this map as my mainmap for the city.the detail was fine,but the reason im rating it only 3 stars is the fact that it is kinda bulky when spread out.Also,the map is pretty prone to tears and falling apart when used extensively.But then again,maybe i was demanding more from the product than you might need.it should hold up if you take very good care of it,andtreat it gingerly.But the detail should suffice for navigating mumbais chaotic streets.0 of 0 people found the following review helpful. Less than a third of the cityBy George LehmanThis map only covers the lower part of Mumbai. More than two-thirds of the city is left off. If I wanted a map of just Churchgate, I would have ordered one.
